In re Application of:

Gehring et al.

Application No. 09/393,122

Filed: September 10, 1999

For: **APPARATUS AND METHOD FOR  
MANAGING VARIABLE-SIZED DATA  
SLOTS WITHIN A TIME DIVISION  
MULTIPLE ACCESS FRAME**

This is a decision on the Petition filed June 26, 2003, which is being treated under 37 C.F.R. § 1.181(a) to withdraw the holding of abandonment. No fee is required.

A Notice of Abandonment was mailed June 3, 2003 for failure to timely respond to the non-final Office action mailed July 3, 2002.

Petitioner alleges to have timely submitted a response to the Office action. In support of the petition, Petitioner has provided a copy of a date-stamped return postcard acknowledging receipt of the response in the U.S. Patent and Trademark Office on October 7, 2002. Petitioner has submitted a copy of the response with the petition.

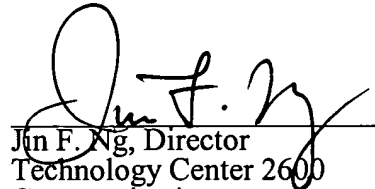

The original response is not of record in the file and cannot be located. However, M.P.E.P. 503 states, "[a] post card receipt which itemizes and properly identifies the papers which are being filed serves as prima facie evidence of receipt in the PTO of all items listed thereon on the date stamped thereon by the PTO." Accordingly, it is concluded that the amendment was received in the Office but was not matched with the application file.

The date stamped on the post-card, October 7, 2002, is beyond the due date for the response. However, under 37 CFR 1.8(a)(1) correspondence is considered timely if: (1) the correspondence is mailed or transmitted prior to expiration of the set period for response by being properly addressed to the Patent and Trademark Office as set out in 37 CFR 1.1(a) and deposited with the U.S. Postal Service with sufficient postage as first class mail or transmitted to the Patent and Trademark Office in accordance with 37 CFR 1.6(d); and (2) the correspondence includes a certificate for each piece of correspondence stating the date of deposit or transmission. The person signing the certificate should have a reasonable basis to expect that the correspondence would be mailed or transmitted on or before the date indicated.

The correspondence documents bear a proper certificate of mailing with a deposit date of October 2, 2002 in compliance with the requirements of 37 CFR 1.8(a)(1) as set forth above. Accordingly, the Notice of Abandonment is hereby vacated and the Holding of Abandonment withdrawn.

For the reasons above, the petition is **GRANTED**.

The application file is being forwarded to the Technology Center's technical support staff for entry of the copy of the response and the Substitute Power of Attorney, which includes a change of address. From there, the file will be forwarded to the examiner for further action in due course.
